Site is group of structures, at least one of which is tall + airy. Inside structures are several are - one area has long, lighted corridors w/ shiny linoleum floors, people in uniforms, pungent smells, which reminds one of a hospital type setting; other area seems to be a very large room w/ rows of large solid dark colored metallic objects which seem to be in ~~stock~~ "ready reserve" or storage or etc. Place conjures up strong impression of POMCUS military equipment stores in Europe.

There are other objects present that are ~~paper~~ tapered, ~~or~~ cylindrical, rounded + ~~or~~ curved; there ~~are~~ is the feel of massive moving equipment + loud diesel engine sounds + smells.
